ARMY EXCEPTIONAL FAMILY MEMBER PROGRAM MEDICAL SUMMARY

For use of this form, see AR 608-75; the proponent agency is OACSIM

DATA REQUIRED BY THE PRIVACY ACT OF 1974
(5 U.S.C. 552A)

AUTHORITY: PL 95-561 *(Defense Dependents' Education Act of 1978)*; PL 101-476 *(Individuals With Disabilities Education Act)*; PL 102-119 *(Individuals With Disabilities Education Act Amendments of 1991)*; DODI 1342.12 *(Provision of Early Intervention and Special Education Services to Eligible DoD Dependents in Overseas Areas)*, March 12, 1996; DODI 1010.13 *(Provision of Medically Related Services to Children Receiving or Eligible to Receive Special Education in DOD Dependents Schools Outside the United States)*, August 28, 1986; 10 USC 3013, 20 USC 921 et seq. and 1400 et seq.

PRINCIPAL PURPOSE: To obtain information needed to evaluate and document the special education and medical needs of: (1) Family members of all soldiers and (2) Family members of Department of the Army civilian employees processing for an assignment to a location outside the United States where dependent travel is authorized at Government expense.

ROUTINE USES: (1) Information will be used by personnel of the military departments to evaluate and document the special education and medical needs of family members. This information will enable --

(a) Military assignment personnel to match the needs of family members against the availability of special education and medical services.

(b) Civilian personnel offices to determine the availability of special education and medically related services to meet the needs of dependent children and medical needs of family members of Department of the Army civilian employees.

(2) Information will be used by Army Community Service in its Exceptional Family Member Outreach Program.

DISCLOSURE: The provision of requested information is mandatory. Failure to respond will preclude --

(1) U.S. Total Army Personnel Command, U.S. Army Reserve Personnel Center, and Army National Guard Readiness Center from enrolling soldiers in the Exceptional Family Member Program *(EFMP)*. Soldiers who knowingly refuse to enroll exceptional family members will receive, at a minimum, a general officer letter of reprimand. A soldier's refusal to provide information may preclude successful processing of an application for family travel/command sponsorship.

(2) Civilian personnel offices from performing required EFMP aspects of overseas processing of Department of the Army civilian employees with family members with special needs. Department of the Army civilian employees who refuse to provide information will be denied the privilege of having their family members transported to the duty assignment outside the United States at Government expense.

24. ARCHITECTURAL CONSIDERATIONS *(X if applicable)* ☐ Limited Steps ☐ Complete Wheelchair Accessibility

25. MEDICATIONS *(List all medications required by the patient on a routine basis, including chemotherapy, radiation therapy, psychotropics and blood products. This block must be filled in with either medication or none.)*

26. Has this patient had cancer or leukemia in the past? ☐ YES ☐ NO

If yes, this patient has been disease-free for _____ years and has a _____ % chance of remaining disease-free.
The above statement should be completed only by a physician knowledgeable about the disease and its prognosis.

27. TREATMENT PLANNED *(Describe treatment or surgery planned or likely within the next 3 years, including expected duration. List any other problems or family circumstances that should be considered in the assignment of the sponsor. This block should be filled out in detail for any chronic disorder requiring weekly to monthly care or more than four specialists yearly.)*

28. HAS THERE BEEN INTENSIVE MENTAL HEALTH CARE WITHIN THE LAST 5 YEARS? *(If yes, explain inpatient and/or outpatient care with emphasis on clinical course, compliance, prognosis, and participation of family members in treatment.)* ☐ YES ☐ NO

29. FUNCTIONAL DISABILITY SCALE

INSTRUCTIONS

1. The functional disability scale should be completed by the practitioner after discussion with the family member and review of medical records.

a. The functional disability scale records the impact the patient's disease process or disability is having on selected activities of daily living. These activities are listed as:

(1) Bathing, dressing, eating. This reflects ability to care for one's self in a manner appropriate for one's age.

(2) Quiet activity such as reading, playing a board game, doing handwork.

(3) Vigorous activity such as gym class in school, organized sports, hiking, etc.

(4) School or work. This reflects endurance and absences due to illness.

(5) Sleep. This reflects the frequency with which sleep is disrupted by the illness or disability.

(6) Socialization with peers such as conversations, going to the movies with one's peers, attending parent groups, etc.

b. The level of disability indicates the extent to which the activity is constrained or impacted by the illness or disability.

(1) None means none.

(2) Partial means the disability partly, but not completely, prevents or impacts the activity.

(3) Total means the disability totally prevents the activity from occurring.

c. Equipment assistance indicates those activities that are possible or greatly improved with the use of adaptive equipment or durable medical equipment. Examples would be a forearm prosthesis assisting with bathing, dressing, and eating, sleeping assisted with nasal prong oxygen, or a communication board assisting with socialization with peers.

d. Frequency of interference asks you to estimate how often the activity is compromised by the illness or disability.

2. The scale should reflect the ability of the patient to engage in the activities in comparision to his or her same aged, non-disabled peers. For instance, if 2-month-old infant has an illness that is *not impacting* his or her ability to eat in a manner comparable to non-disabled peers, that child would have "none" listed for level of disability under "bathing, dressing, eating" even though the infant is not independent in those activities.

a. Activity	b. Level of Disability *(Enter N - None, P - Partial, T - Total)*	c. Equipment *(Enter N - Not Used, U - Used)*	d. Frequency of Interference *(Enter appropriate letter and number: Y - Yearly, Q - Quarterly, M - Monthly, D - Daily, N - N/A. Use 0 - 9 for number of times Y, Q, M, D)*
(1) Bathing, Dressing, Eating			
(2) Quiet Activity			
(3) Vigorous Activity			
(4) School or Work			
(5) Sleep			
(6) Socialization with Peers
